suggested black color parameters for
backlighting: C40 M40 Y20 K100

Remove the red and blue lines before saving the files. Leaving the line on will result in it being printed as a design element! In order to properly display the advertisement, all important elements should be inside the protective area marked with **red line**. Background and graphics must fill the entire printable area marked project marked with **blue line**. If there is no fill between the red and blue lines, a white frame will appear on the printout.

Download and work on the graphic design template on the next page of this PDF. If there is more than one, prepare the projects in separate files.

A technical drawing of a roof profile. The main profile is outlined in red, showing a gabled roof with a curved base. Two yellow dashed lines are drawn parallel to the roof slopes, extending from the left and right edges towards the center. The drawing is set against a white background with a blue border.
